

**Redeemer is a member of
the Regent Schools of
the Carolinas**

The Regent Schools of the Carolinas is building a system of Christian classical schools serving pre-school through high school to provide educational choice to our communities.

These results-oriented schools embrace diversity and inclusion, while teaching personal and social responsibility.

We aim to change the students' entire environment by incorporating family development and enrichment centered on Kingdom values.

Our schools will also offer a high proportion of scholarship assistance to enable a broader cross section of students to attend. The Regent Schools system is financed through donor endowment, parents and enrichment partners.

**Redeemer Pre-school
And Family Development
Center**

Developing the whole child
through heart, mind and spirit.

Our Mission

We are committed to building foundations for successful living. We start with the abilities of the child, and nurture their growth into positive attitudes, habits, skills and Christian character.

We prepare students for academic learning and Christian living, supported by a community of love and acceptance.

Tel: 704 392 2174 x811

Our Philosophy

Redeemer Pre-School is a multi-denominational Christian school open to all 3 and 4 year olds. Our preparatory

curriculum is based on Christian classical values and encourages a balance of play and academics. Our goal is to create children strong in character, with a life long love for learning, by enriching their intellectual, emotional, social and spiritual well being.

It is also the goal of Redeemer pre-school to encourage diversity and help a wide range of children benefit from our Christ centered community. Through the generous support of individuals and corporate sponsors, some financial aid is available to help families with the highest need offset a portion of the tuition.

Creative, Active Learning

Redeemer school prepares pre-schoolers for success in kindergarten and beyond. By integrating Christian values with thinking processes and subject matter knowledge, we provide the tools for children to discover the world around them.

Outdoor play, including exploring, gardening, building, water play and field trips feed children's curiosity, self reliance, reasoning, and connections

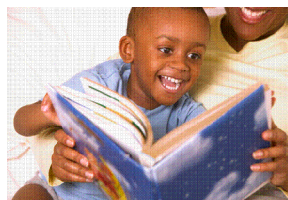

with the natural world. Group activities such as story telling, fingerplays, dramatic play and singing, teach teamwork, sharing, respect, and social skills.

Painting, drawing, dancing and other arts encourage creativity. Math and science concepts, puzzles, and games

This variety of directed and self directed activities promotes development of the whole child and

readies them to take the next steps in Christian classical education successfully.

How to Apply

At Redeemer, we view ourselves as a partner in the development of your child. This is why we require parents to participate in family events and parent meetings. We encourage your involvement in our reading programs, field trips and Lunch Buddies. And it is important that together we demonstrate positive Christian values and respectful interactions with all teachers, parents and children.

To apply for enrollment at Redeemer, contact the Director for a personal visit where you will be given an admissions packet. Fill out and return the packet, the Family Partner Contract, and the

registration fee. The final steps include scheduling a home visit with your teacher and attending orientation.
